

After returning back to work from maternity leave, Cartier is beyond thrilled to be a part of such a wonderful production. Cartier's most previous work includes the UK tour of The Buddy Holly Story and the UK tour of Best of Wham. In addition, Cartier has spent many years as a vocalist and voice over artist. Training credits include The Arts Educational School, Sylvia Young Theatre School and Associated Studios. Cartier would like to dedicate every performance to her one year old baby and would like to thank her husband, sister and agents for believing in her.
